

## HEALTH CONSIDERATIONS

International Photo Tours are within the capabilities of average people in good health. Some trips require the ability carry camera equipment while walking for several miles over uneven trails, stepping from a small boat to a wave-washed rocky beach, flying in small planes, air balloon, and helicopters, and occasionally hiking at high elevations. If you have concerns about your capabilities and/or fitness as it relates to a trip, please inquire with our office before reserving a space. **By forwarding a signed reservation form and trip deposit, you certify that you do not knowingly have any physical or other conditions of disability that would create a risk for you or other trip participants.** We reserve the right to request a doctor's statement of good health. The company's or trip leader's judgment shall provide the ultimate determination of an individual's ability to embark upon or to continue a trip. Once a trip has been confirmed, medical circumstances will not be considered as exceptions to our cancellation policy. **We assume no responsibility for medical care or for special dietary requirements.**
